Seven final steps to the finish line!

- 1. We have space for ONE vehicle per graduate. Seniors need to come with their families, not in separate vehicles.** Vehicles may be cars, vans, or pick-up trucks only. Party buses, limousines, and other over-sized vehicles are not permitted.
- 2. Display the bright yellow vehicle permit on your dashboard.** Geauga Sheriff's deputies will help manage entry to the drive-in.
- 3. We encourage you to DECORATE YOUR VEHICLE to celebrate your senior.**
- 4. The drive-in will open at 8:30 PM. Please do not arrive any earlier! Upon arrival, seniors should report to the seating area directly in front of the screen.** The video presentation will begin at 9:30 PM.
- 5. You must stay in or near your vehicle for the duration of the evening.** Graduates and family members may not congregate for photos or other purposes. Doing so would defeat the social distancing we are trying to achieve to keep everyone safe.
- 6. You may bring food and non-alcoholic beverages to enjoy in your vehicle.** The concession stand will be closed, but restrooms will be open.
- 7. We will email and text a link to the Commencement broadcast** so that relatives and friends unable to attend can share in the experience. In the week following commencement, we will produce and share a video montage of the evening's festivities.
