3. **Do I have to create an exam column in the Report Card View [RC View] (which shows Qtr 1, 2, Exam and Semester grades):** **NO – it is already there!**

1. Checking Quarter 2 Grades

In your gradebook, set your view to the **Report Card View [RC View]**. Open the menu selection by clicking the arrow and select [RC View]:

You will see that the Curr MP, or current marking period, is Second Quarter, and the marking period that you are viewing (or View MP) is set to second quarter.

A screenshot of the gradebook grid. The 'View MP:' and 'Current MP:' are both set to 'SECOND QUARTER' and are circled in red. A blue arrow points from the text box above to the 'View MP:' dropdown. Another blue arrow points from the 'View MP:' dropdown to the 'Q2' column header in the grid below. The grid shows columns for 'AVERAGE', 'MARKING PE...', 'EXAM1', 'SEM 1', 'AVERAGE', 'MARKING PE...', 'EXAM2', and 'SEM 2'. The 'Q2' column is highlighted in blue.

#	Name (12/12)	Office Da...	Office Peri...	Class	AVERAGE	AVERAGE	Exam: EX...	SEM 1	AVERAGE	AVERAGE	Exam: EX...	SEM 2

Look over the grades in the Q2 Column.

If you find that your quarter 2 grades are incorrect, go back to the 2nd quarter gradebook view (either Name & Average, Name only, or whichever template you prefer and go over your gradebook). When you have updated second quarter from this view, the corrections will automatically show in the RC View.

2. Optional: Leaving a Narrative for Quarter 2

Narratives are Rediker’s version of teacher comments regarding the quarter.

To leave narratives for students, hover over any grade in the QTR 2 column, and **right** click.

(Note – there is no way to leave a Semester narrative)

Editing: SECOND QUARTER Narrative

Type in your comments here.

There is a 150 character limitation.

There are a few editing capabilities in the above menu.

Please take the time to spell and grammar check your narratives.

You can switch from student to student by clicking on the left or right arrows below the student's picture.

When finished writing a narrative, click Save and "x" out at the top right hand corner of the page to go back to your gradebook.

3. Setting up your Exam column

Set the points possible for your exam and make it viewable to the public.

Click on the "Click here to see column details"

A window will pop up – set your Maximum Points Possible and the date of your exam.

A screenshot of the 'Exams' configuration window. The window title is 'Exams'. It has 'Cancel' and 'OK' buttons. The exam is titled 'EXAM2'. The 'Possible Points' field is set to 200. The 'Date' field is set to 05-22-2017. There are 'Lock' and 'Public' checkboxes, both of which are unchecked.

Make sure the check box next to Public is checked, so that the score is visible to students and parents (when the PlusPortals Administrator makes them visible in PlusPortals).

Optional: Locking the Column:

Locking the column sets the column so that no changes (including adding grades) are possible. You have the option of locking the column AFTER you have entered grades, to ensure that nothing changes.

Click OK to save your changes.

A screenshot of the 'Exams' configuration window, similar to the previous one. The 'Possible Points' field is set to 200 and the 'Date' is 05-22-2017. In this version, the 'Public' checkbox is checked, while the 'Lock' checkbox remains unchecked.

To edit these details after you have already entered them, hover over the word "Exam" at the top of the column and right click to open a menu. Select the first option: Edit Exam Details.

You have to set each gradebook Exam column one at a time.

There is no function to copy and paste from another section of the same course.

After you have graded exams, enter the points earned in the cell that corresponds to the student.

5. Submitting Quarter 2, Exam and Semester 1 Grades

You must mark your gradebook ready one section at a time. It is a safety measure to ensure that you have looked over each of your gradebooks prior to submitting your grades.

When you are finished checking your gradebook, you are ready to submit your grades. Select the “Submit” link to the left of the page:

To mark this gradebook as ready, **click on “Submit”**, and the status will change to Ready with the date.

After grades are pulled, you will see that the “Ready (followed by date)” will become **“Received (followed by date)”**. “(Locked)” may appear if gradebooks have been locked to prevent changes.

After marking your gradebook ready, you **may** make changes. However, any changes made **after** 8am on January 8th, **will not be recorded** on the report card. If you have a grade change after 8am, January 8, you must email Denice.
