

Preparing your Gradebook for the end of Quarter 3

Junior High Academic and Specials Electives

Grades are due Monday, 3/21 at 8am

Junior High Electives will reflect a Quarter Grade and a Final Grade on the Report Card

As you work through your gradebooks, please be sure of the accuracy of your grades.

After the break, we will email the PDF file with your students' report cards for review. Please inform Susan if there are any errors that will need correction in the gradebook.

Dr. Hoynes will review final report cards the week we return from break. Report Cards will be emailed home at the end of the week.

In this resource guide:

1. Reviewing gradebooks to make sure everyone has a quarter grade
2. Leaving a "Comment"
3. Calculating the Final Grade
4. Marking your gradebooks ready for submission

Ending Quarter 3 – FAQs for Electives Teachers

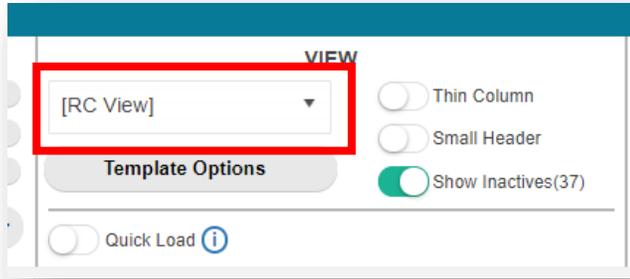

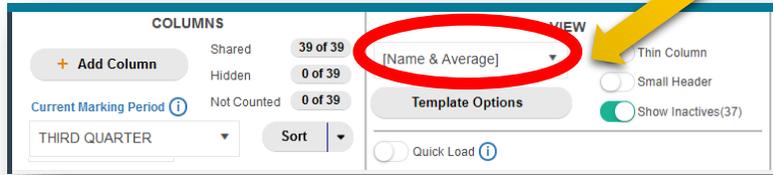

1. **Do I have to set the weights for the quarters:** **NO** – weighting is set up internally
2. **Do I have to round:** **NO** – the system rounds for students who are on the cusp
3. **Do I have to mark the quarter column and the Final Grade column as ready in separate steps?** **NO** – by marking quarter 3 as ready, the program will automatically mark the final as well.

You must mark your gradebook ready one section at a time. It is a safety measure to ensure that you have looked over each of your gradebooks prior to submitting your grades.

1. Reviewing your gradebook:

Make sure that every assignment has a score.

Currently, your gradebook view may be set to [Name and Average] or [Custom view].

Make sure that the quarter average and letter grade is correct.

Select [RC view], Report Card View, to confirm Quarter 3 grades.

This view will show you each marking period.

In the Quarter 3 Marking, column you will see the percent and the letter grade.

AVERAGE	AVERAGE	MEXAM	AVERAGE	AVERAGE	EXAM	FINAL

Confirm that there are no blanks for the Quarter grade in this view.

DO NOT ROUND.

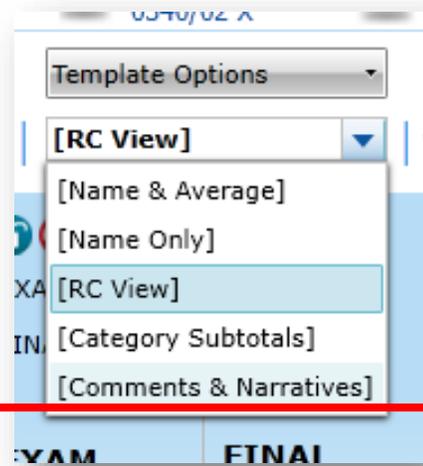

The gradebook will automatically round up to the next LETTER GRADE if a student is on the cusp

Note that the letter grade for 79.89 reflects a C+; the 75.68 reflects a C letter grade, and the 92.55 rounds to the A letter grade.

			92.80 A-			92.80 A-

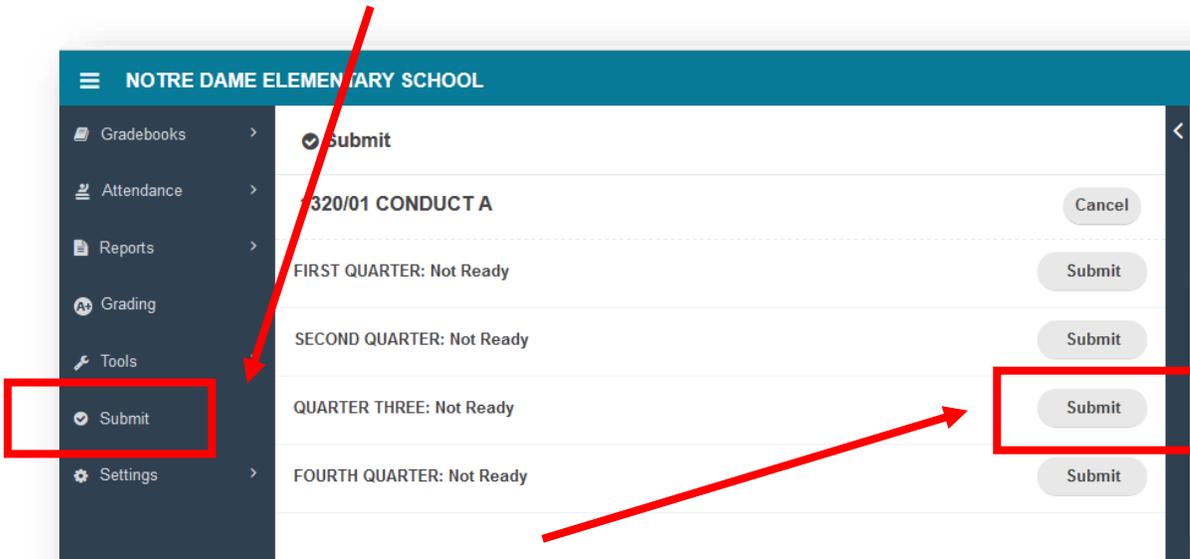

After making any grade changes, either in the quarter view or in the RC View, **YOU MUST PRESS CALCULATE** from the FINAL GRADE column header TO UPDATE THE FINAL GRADE.

You are now ready to submit your grades for the Quarter 3.

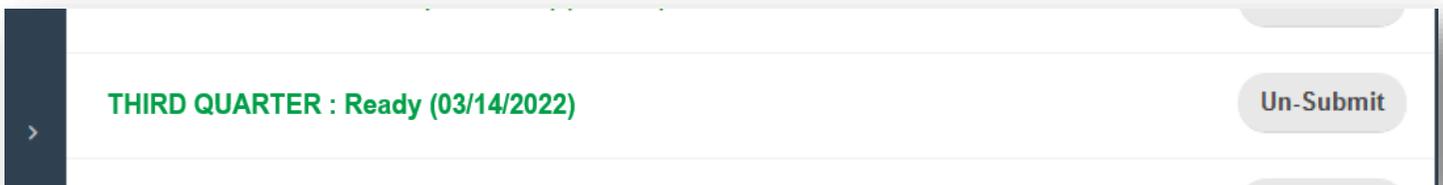

4. Marking your gradebooks “Ready” for submission

When you are finished checking your gradebook, you are ready to submit your grades.

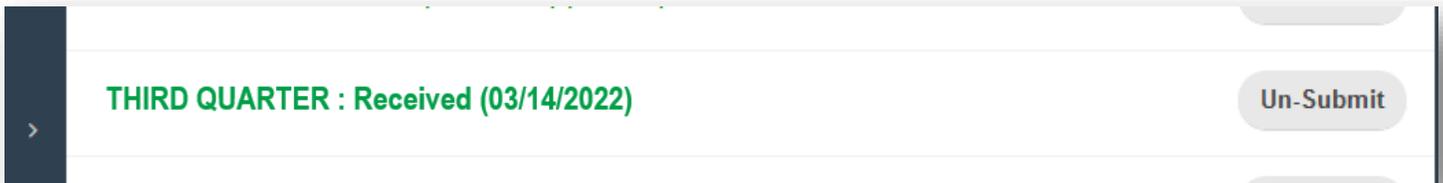

- a. Select the “Submit” link to the left of the page:

- b. To mark this gradebook as ready, **click on “Submit”**, and the status will change to Ready with the date.

- c. After grades are pulled, you will see that the “Ready (followed by date)” will become **“Received (followed by date)”** and “(Locked)” may appear if gradebooks have been locked to prevent changes.

You must mark your gradebooks ready one section gradebook at a time. It is a safety measure to ensure that you have looked over each of your gradebooks prior to submitting your grades.

5. Special Case Scenarios

Sometimes you will have special case scenarios: students with extended illness making up work or students who are absent and missing assignments in the last week of the quarter.

- a. Let Dr. Hoynes know who these students are **before** the end of the quarter.
- b. Put “NS” as a grade for assignments that are Not Submitted and make an annotation on the grade.

An “NS” is equal to a zero, indicating that the student has not yet submitted the assignment, therefore impacting the student’s grade.

Because NS impacts the grade, it raises flags for parents and students to investigate what is causing the low grade.

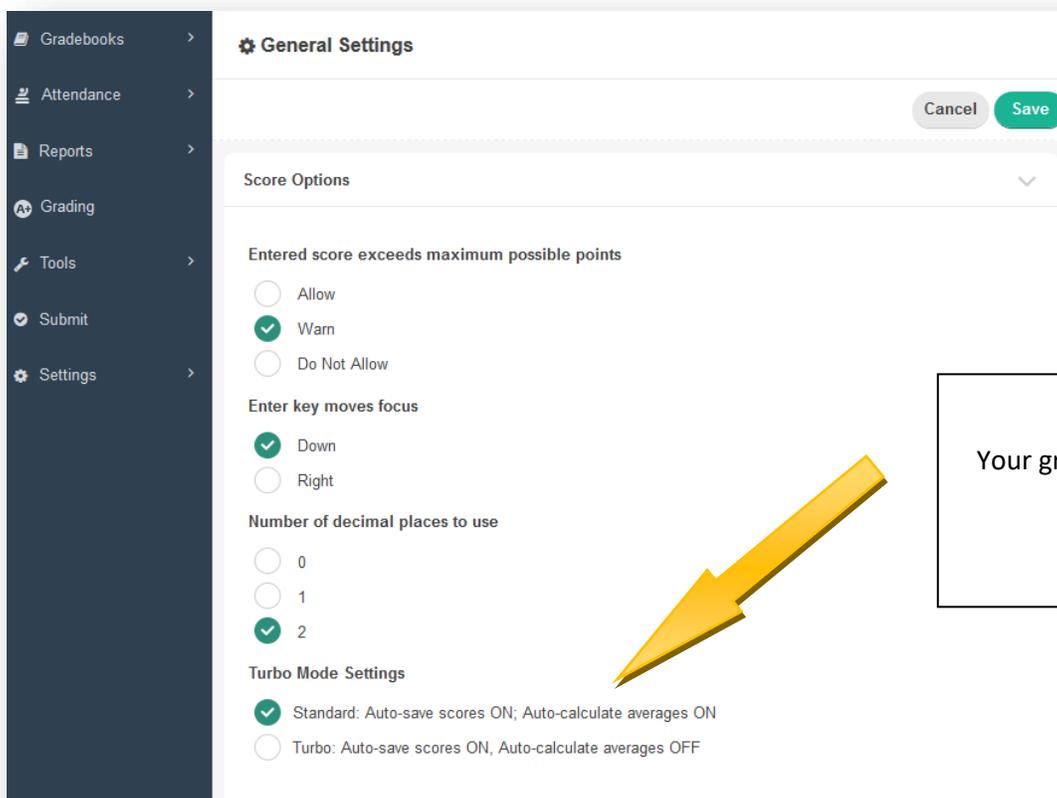

An I (incomplete) is equal to an exempt, having no impact on a student’s grade.

- c. When the student has made up the work, update your gradebook and let Dr. Hoynes know the student’s updated quarter grade.
- d. Once you have notified Dr. Hoynes, a new report card will be generated.

6. Trouble shooting

What if the percentages are not adding up correctly?

- Do you have your assignments properly assigned to the correct categories?
- Did you change the saving speed to your gradebook, i.e. **Standard, Turbo, SuperTurbo?**
- Go to Settings, then select General Settings

The screenshot shows the 'General Settings' page. On the left is a dark sidebar with menu items: Gradebooks, Attendance, Reports, Grading, Tools, Submit, and Settings. The main content area is titled 'General Settings' and has 'Cancel' and 'Save' buttons at the top right. Under 'Score Options', there are three radio button options: 'Allow', 'Warn' (which is selected with a green checkmark), and 'Do Not Allow'. Below this is the 'Enter key moves focus' section with 'Down' selected. The 'Number of decimal places to use' section has '2' selected. The 'Turbo Mode Settings' section has 'Standard: Auto-save scores ON; Auto-calculate averages ON' selected. A yellow arrow points from the 'Warn' option to a text box on the right.

Your gradebook should be set to “Standard”
