

Factors Influencing Learning Survey 2017-2018 | Printing Forms Instructions

* Forms have been customized to match the questions and options given on the survey. You must print forms for your Gold/Blue Day Anonymous Classes using the following instructions:

1. In Firefox, login to your GradeCam account at <https://app.gradecam.com>.

*If you have not used GradeCam and need to set up an account, please contact Amy Myers ASAP.

2. From the “Assignments” tab, click on the “Forms” icon in the upper right corner.

3. Fill in the following information in the pop up box:

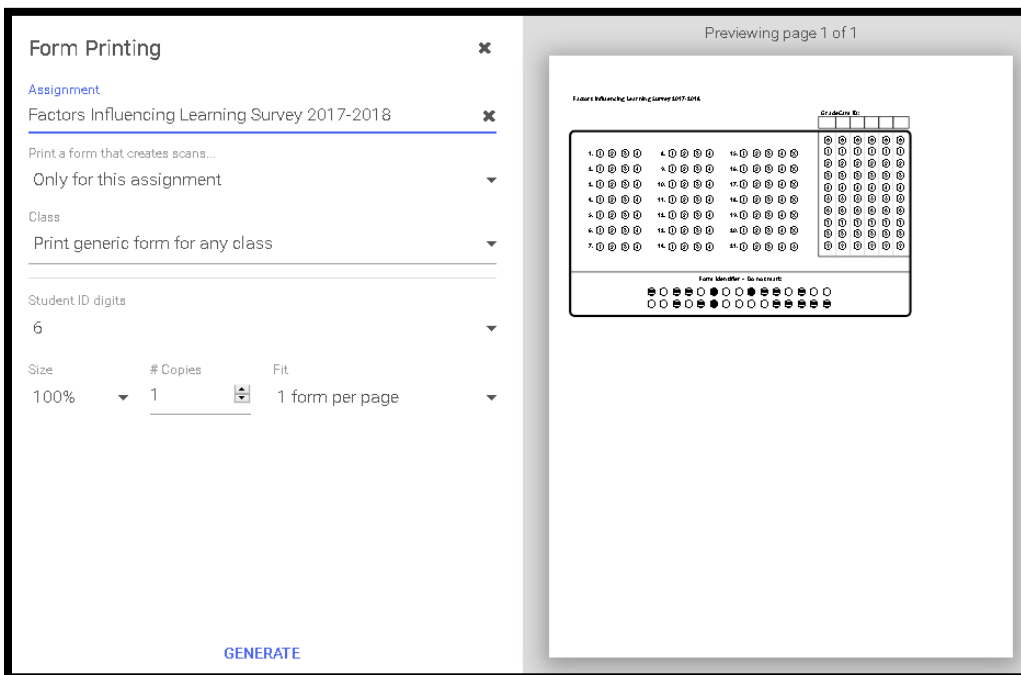

Assignment: Factors Influencing Learning Survey 2017-2018.

Print a Form...: Only for this assignment

Class: BlueDayAnon (GoldDayAnon)

Student: Print pre-filled forms for all students

Student ID Digits: 6

4. Click **GENERATE** to view your class forms.

5. **Print** your PDF! (Have students answer questions 22 and 23 on the back of the bubble sheet.)

* **NOTE:** Computers & printers have different settings—you may want to print off just one form (Print Pages 1 to 1) first.

6. Repeat this process to print forms for your Gold and/or Blue Day Anonymous Classes.

This survey can also be done **digitally** using the Student Portal in GradeCam. Nathan Smith has successfully used this feature with his classes!

This is a perfect opportunity to try this out and to save a few trees in the process!

[An online tutorial can be found here.](#)
