Eight final steps to the finish line!

- 1. We have space for ONE vehicle per graduate.** Vehicles may be cars, vans, or pick-up trucks only. Party buses, limousines, and other over-sized vehicles will not be permitted to enter.
- 2. You must display the BRIGHT YELLOW vehicle permit on your dashboard to be admitted.** We mailed these permits to seniors' homes last week. Geauga Sheriff's deputies will help manage entry to the drive-in.
- 3. We encourage you to decorate your vehicle to celebrate your senior.**
- 4. The drive-in will open at 9:00 PM. Please do not arrive any earlier!** The video presentation will begin at 9:30 PM or shortly thereafter.
- 5. You must stay in your vehicle for the duration of the evening.** Graduates and family members may not congregate for photos or other purposes. Doing so would defeat the social distancing we are trying to achieve to keep everyone safe.
- 6. You may bring food and non-alcoholic beverages to enjoy in your vehicle.** The concession stand will be closed, but restrooms will be open.
- 7. The graduate should be in the front passenger seat as you leave the drive-in.**
- 8. We will email a link to the commencement video on Wednesday** so that relatives and friends unable to attend can share in the experience. Following commencement, we will also produce and share a video montage of the evening's festivities.
