

May 31, 2019

Welcome to NDCL!

We are so glad you are joining us for the 2019-2020 School Year! My name is Mrs. Davis, Director of Campus Ministry at NDCL.

Scroll down to find the NDCL Summer Service Log, to record service that you may participate in over the summer. Please print out the form to log your information.

Hold on to your forms through the summer.

When school begins, we will teach you how to set up your MobileServe account, NDCL's electronic platform for logging service hours. During this time, you will have the opportunity to log your summer service in the app, and going forward you will use the MobileServe app to log future service experiences through your high school career.

There is a 20 service hour requirement each year. To complete those hours, we hope that you find service experiences that inspire you to help others, but also inspire you to find *even more* opportunities to help those in need.

Follow this link to find service opportunities page on the NDCL website:
<https://www.ndcl.org/Opportunities.aspx>.

Should you have any questions, please let those of us in Campus Ministry know. We are looking forward to working with you next year!

Mrs. Beth Davis
Director of Campus Ministry
