

Posting Assignments to Second Quarter

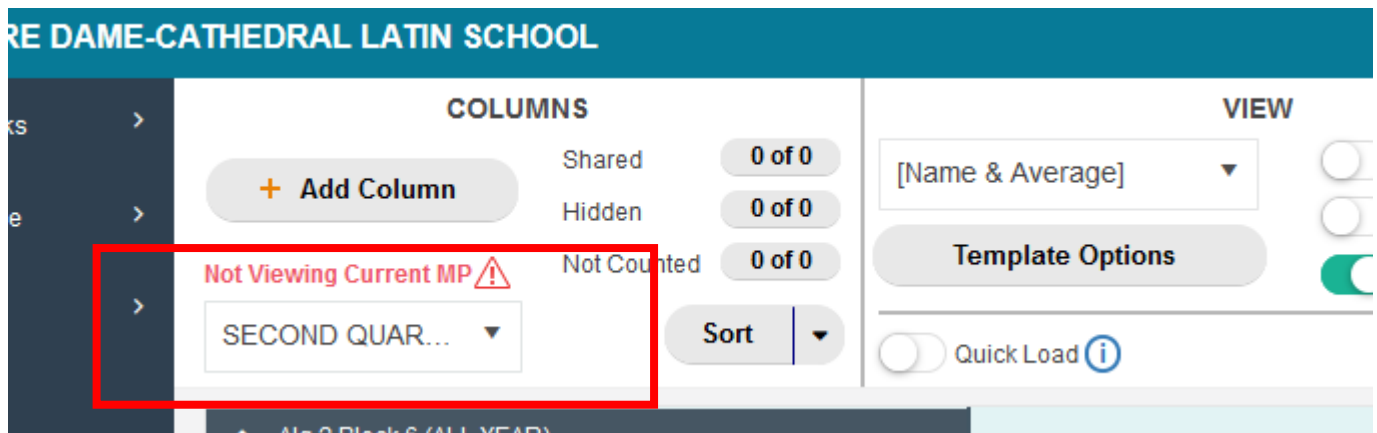

Second quarter is open for posting assignments.

1. To change your gradebook to look at the View MP (view marking period) option next to template options:

Curr MP means you are currently viewing FIRST QUARTER

2. Change View MP: to SECOND QUARTER:

Notice that Curr MP changed to red. That is because we are still in first quarter. It's an alert to let you know that the gradebook you are viewing is not in the current marking period.
