

## Senior Rock Painting

---

# HELLO SENIORS!

Start coordinating with each other to paint the rock!

The following needs to happen before putting paint on the rock:

1. Get your design approved by SAB moderators and Administration
2. Once approved, give your paint color requests to Ms. Ancheta – she'll pick them up for you
3. Schedule a time with Ms. Ancheta to start painting the rock.
  - a. Painting the rock usually takes two 3 to 4 hour sessions (which includes set up and clean up).
4. The entire rock **MUST BE FINISHED** by August 10 (Back to School Bash) and you'll probably want it finished before APP FEST, which is Thursday, 8/9 and Friday 8/10.

**August 10 is in 3 Fridays.**

5. If you are getting signatures from the class of 2019, we can arrange for that when school starts.
6. Ideally, you will want to do this in the morning – before it gets blazing hot, but if you would like to work on it after App Fest, we can do that too. And you will want to get this done on a couple days when it's not raining.

For those of you interested in Link Crew, we are working with Miss Maduri and Mr. Smith on figuring out a way you can attend both SAB and the Link Crew Sessions.

If you have any questions, email us!

Ms. Ancheta, Miss Bella and Mr. Lozar

(remember to include all of us on the email!)
