

May 22, 2018

Dear CCP families,

Last week you should have received an **unconditional acceptance letter** from Notre Dame College, which replaces the conditional acceptance letter.

- Keep the letter you have received for your records.
- You do not need to email the letter to the state.

Notre Dame College sent us the letters electronically and we have forwarded them to the state on your behalf. The state has confirmed receipt of the letters.

Regarding your **funding award letter** from the state: there is no need to send it to Notre Dame College; we will report your funding award on your behalf.

However, if you are planning to take classes at Lakeland or another college, you are responsible for presenting your funding award letter to that school.

Please email me if you have any questions, denice.teeples@ndcl.org.

Best,

Denice Teeple
